2. STATE OF COMPANY'S AFFAIRS:

Discussion on the state of the Company's affairs has been covered as part of the Management Discussion and Analysis. Management Discussion and Analysis for the year under review, as stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is presented in a separate section forming part of the Annual Report.

Impact of COVID-19 on operations :

The outbreak of COVID-19 pandemic has led to an unprecedented health crisis and has disrupted economic activities and global trade, while weighing on consumer sentiments. During the year under review, the Government of India had imposed stringent nationwide lockdowns, in phases, which severally impacted manufacturing activities. Though the steel and mining sectors were allowed to operate under the Essential Services Maintenance Act, 1968, they were subject to certain guidelines. Steel demand was affected as key steel consuming sectors struggled to operate amidst weakening economic activities, working capital constraints, shortage of manpower and logistical issues.

The risk- intelligent culture embedded across the Company helped in developing and adopting a multi- prolonged strategy to effectively respond to the evolving pandemic situation. The health and safety of our employees and the communities in which we operate continue to be the foremost priority of the Company. To mitigate the risks and challenges faced by the Company during the pandemic, the Company enhanced safety and hygiene norms at office, implemented work from home, staggered shift timings for safety of employees and leveraged digital platforms for its day to day operations. During the challenging times, the Company maintained its liquidity position by minimizing cash outflows and maintaining a judicious mix of funding instruments to fulfill its operational requirements.

Further details on the impact of COVID-19 on the Company's operations, cash flow, liquidity and profitability as well as the Company's contribution to the community in the wake of the pandemic is provided in the Management Discussion and Analysis as annexed to this report.

3. DIVIDEND:

In view of meeting our Company's working capital requirements during the ensuing year, your directors express their inability to recommend any dividend for this year.

4. AMOUNTS TRANSFERRED TO RESERVES:

The Board of Directors has decided to retain the entire amount of profit for financial year 2020-21 in the statement of profit and loss.

5. INFORMATION ABOUT SUBSIDIARY/ JOINT VENTURES / ASSOCIATE COMPANY:

During the financial year ending 31st March, 2021, the Company has no Subsidiary, Joint Venture or Associate Companies. Accordingly, a statement under the provisions of Section 129 (3) of the Companies Act, 2013, containing salient features of the financial statements of the Company's subsidiary in Form AOC-1 is not enclosed.

6. TRANSFER OF UNCLAIMED DIVIDEND TO INVESTOR EDUCATION AND PROTECTION FUND:

Since there was no unpaid/unclaimed dividend declared and paid last year, the provisions of Section 125 of the Companies Act, 2013 do not apply.

7. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY FROM THE END OF THE FINANCIAL YEAR TILL THE DATE OF THIS REPORT:

Apart from Covid-19 pandemic impact which may affect the financial performance of the Company, there are no other material changes and commitments affecting the financial position of the Company required to be reported under this section. There was no change in the nature of the Company during the year.

8. BOARD OF DIRECTORS AND KEY MANAGERIAL PERSONNEL:

INDEPENDENT AUDITOR'S REPORT

**To the Members of,
Sharda Ispat Limited**

Report on the IND AS Financial Statements

Opinion

1. We have audited the accompanying IND AS Financial Statements of Sharda Ispat Limited ('the Company'), which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including the statement of Other Comprehensive Income), the Cash flow Statement and the Statement of Changes in Equity for the year then ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS Financial Statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31st March, 2021, its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit of the IND AS Financial statement in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the IND AS Financial statement.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the IND AS financial statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Annexure 1 to Board Report

5. We have determined the matters described below to be the key audit matters to be communicated in our report:

Key audit matter	How our audit addressed the key audit matter

The transaction includes sale of goods, purchase of goods, receiving services, providing loans to related party.</p> <p>Identification, completeness, compliance with laws and disclosure of transaction with related parties are key audit matters.</p> <p>We have identified the related party transaction as a key audit matter because of risks with respect to completeness of disclosure made in the financial statement, judgment involved in assessing whether transaction entered with the related parties are accounted at arm length price and proper compliance of related party transaction with respect to Companies Act, 2013 and SEBI regulations.</p>	<p>Our audit procedure includes the following</p> <ol style="list-style-type: none"> 1. We have obtained understanding of Companies procedures with respect of identifying related parties. 2. We have assessed whether the effective internal control are in place with respect to identifying, authorizing, recording and disclosing related party transaction. 3. We carried out an assessment of compliance with the Companies Act mainly section 177 and section 188. We have also checked with the compliance with the listing regulation. 4. We have tested on sample basis, related party transactions with the underlying agreement, contracts confirmation letters and other supporting. 5. Obtained an understanding of the Company's procedures in respect of evaluating arms-length pricing and approval process by the audit committee and the board of directors. 6. We considered the adequacy and appropriateness of the disclosures in the financial statement in accordance with relevant Indian Accounting Standard (Ind AS)

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the IND AS financial statements and our auditor's report thereon.

Our opinion on the IND AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the IND AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the IND AS Financial Statements

7. The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these IND AS Financial Statements that give a true and fair view of the state of affairs (financial position), profit and loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) prescribed under Section 133 of the Act read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent ;and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the IND AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the IND AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

10. Our objectives are to obtain reasonable assurance about whether the IND AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these IND AS financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also,
 - Identify and assess the risks of material misstatement of the IND AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the IND AS financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Annexure 1 to Board Report

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the IND AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
16. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of accounts required by law have been kept by the Company's of areas it appears from our examination of those books;

"Annexure A" CARO Reporting To The Independent Auditor's Report Of Even Date On The Financial Statements Of M/S Sharda Ispat Limited

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a regular program of physical verification of its fixed assets under which fixed assets are verified in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) The title deeds of immovable properties are held in the name of the company.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year, except for goods in-transit and stocks lying with third parties. For stocks lying with third parties at the year-end, written confirmations have been obtained by the management.

(b) The Company is maintaining proper records of inventory and material discrepancies noticed on physical verification have been properly dealt with in the books of account.
- (iii) The Company has granted loan, secured or unsecured to companies, firms or other parties covered in the register maintained under Section 189 of the Act. The term and condition of the grant of loan are not prejudicial to the company interest.
- (iv) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investment, guarantees and security.
- (v) The Company has not accepted any deposits within the meaning of Section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products/services and are of the opinion that, *prima facie*, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, Goods and Service Tax, duty of customs, duty of excise, cess and other material statutory dues, as applicable, with the appropriate authorities and there is no undisputed amount payable in respect of the same which were in arrear at the year-end for a period of more than six months from the date they become payable.

(b) The dues of the Income Tax and Excise Duty as on 31st March 2021 which have not been deposited on account of dispute and the forum where the disputes are pending are as under:

Sr. No.	Name of the Statute	Nature of Dues	Amount (Rs)	Forum where dispute is pending
1	Central Excise Act	Excise Duty & Penalty	19,63,762	Jt. Comm. of Central Excise, Nagpur
2	Income Tax Act, 1961 (A.Y.2014-15)	Income Tax	1,52,630	Commissioner of Income Tax (Appeals), Nagpur

(viii) The Company has not defaulted in repayment of dues to any bank or financial institution during the year. The Company did not have any outstanding debentures during the year.

(ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly the provisions of paragraph 3 (ix) of the Order is not applicable.

(x) No fraud on or by the Company has been noticed or reported during the period covered by our audit.

(xi) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act.

(xii) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.

(xiii) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.

- (xiv) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.
- (xv) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- (xvi) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

“Annexure B” to the Independent Auditor’s Report of even date on the Financial Statements of M/s Sharda Ispat Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“theAct”)

We have audited the internal financial controls over financial reporting of M/s Sharda Ispat Limited (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on , “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1. Company Overview And Significant Accounting Policies**1.1 Company Overview**

Sharda Ispat Limited is a listed public limited company domiciled in India, incorporated under the Companies Act, 1956. The Company is engaged in Manufacturing and job work of alloy steel flat / rolled products which are used in automobile component industries.

1.2 The financial statements are approved for issue by the Company's Board of Directors on 21st June, 2021.**Note 2. Basis of Preparation of Financial Statements**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

Accounting policies are applied consistently to all the periods presented in the financial statements.

The financial statements have been prepared on accrual basis and under the historical cost convention with the exception of certain financial assets and liabilities which have been measured at fair value.

The Company's financial statements are reported in Indian Rupees, which is also the Company's functional currency.

I. Significant accounting judgements, estimates and assumptions

The preparation of financial statement is in conformity with the recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The areas involving critical estimates or judgements are :

- a) Estimation of defined benefit obligation
- b) Impairment of financial asset such as trade receivables
- c) Impairment of Non- financial Assets
- d) Estimation of Tax Expense and Liability

Note 3: Significant Accounting Policies:**I. Revenue recognition**

The company derives revenues primarily from sale of manufactured goods, traded goods, and related services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted to discounts, incentives and returns, etc., if any

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue in excess of invoicing are classified as contract asset while invoicing in excess of revenues are classified as contract liabilities.

The specific recognition criteria described below must also be met before revenue is recognised**A. Sale of goods**

Revenue from sale of products and services are recognised at a time on which the performance obligation is satisfied.

B. Interest and dividend:

Interest income including income arising on other instruments recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

C. Others:

Other revenues / incomes and costs / expenditure are accounted on accrual, as they are earned or incurred.

II. Property plant and equipment, investment property and depreciation / amortisation

A. Tangible fixed assets are stated at cost of acquisition or construction including attributable interest and finance cost, if any till the date of acquisition/installation of the assets, less accumulated depreciation/amortisation and accumulated impairment losses, if any.

B. Subsequent expenditure relating to Property, Plant and Equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred. The cost and related accumulated depreciation are eliminated from the financial statements, either on disposal or when retired from active use and the resultant gain or loss are recognised in the Statement of Profit and Loss.

C. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to assets or on sale/disposal of assets is calculated on pro-rata basis.

Asset Category	Estimated useful life (in Years)
Plant and Machinery	15
Computer servers and network systems	6
Computer desktops and laptops	3
Office Equipments	5

SHARDA ISPAT LIMITED, NAGPUR.**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2021**

Vehicles	8
Furniture and Fixture	10
Factory Equipment	5
Factory Building	30

The residual values, useful lives and methods of depreciation of property plant equipment are reviewed at each financial year and adjusted prospectively, if appropriate.

III. Intangible assets and amortisation

Acquired computer softwares are classified as intangible assets and are stated at cost less accumulated amortisation. These are being amortised over the estimated useful life of five years, as determined by the management.

IV. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial Assets

i. Initial recognition

Financial assets are initial measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

ii. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

a) Financial Assets at Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets Measured at Fair Value

Financial assets are measured at fair value through OCI if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

Financial asset not measured at amortised cost or at fair value through OCI is carried at FVTPL.

iii. De-recognition of Financial Assets:

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

B. Financial Liabilities

Financial liabilities issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

i Financial Liabilities

1. Initial Recognition

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

2. Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

- Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

3. De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

C. Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

V. Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expires or it transfers the financial asset and the transfer qualifies for derecognition under IndAS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

VI. Impairment**a. Financial assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in the statement of profit or loss.

b. Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss.

i. Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

ii. Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

VII. Taxation

i. Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the financial statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using rates that have been enacted or substantively enacted by the end of the reporting period.

In case the Company is liable to pay income tax u/s 115JB of Income Tax Act, 1961 (i.e. MAT), the amount of tax paid in excess of normal income tax is recognized as an asset (MAT Credit entitlement) only if there is convincing evidence for realization of such asset during the specified period. MAT credit entitlement is reviewed at each Balance Sheet date.

ii. Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax asset is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

iii. Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

VIII. Inventories

All inventories are stated at lower of 'Cost or Net Realizable Value'.

The raw material & Stores & Spares are valued at cost. The cost includes duties & taxes other than credits availed under modvat and is arrived at on First in First out basis

IX. Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

X. Trade receivable

A receivable is classified as a 'trade receivable' if it is in respect of the amount due on account of goods sold or services rendered in the normal course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the EIR method, less provision for impairment.

XI. Employee benefits**a) Defined Contribution Plan**

Contributions to defined contribution schemes such as provident fund, labour welfare fund are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further obligations beyond the monthly contributions.

b) Defined Benefit Plan

The Company provides for gratuity which is a defined benefit plans the liabilities of which is determined based on valuations, as at the balance sheet date, made by an independent actuary using the projected unit credit method. Re-measurement, comprising of actuarial gains and losses, in respect of gratuity are recognised in the OCI, in the period in which they occur. Re-measurement recognised in OCI are not reclassified to the Statement of Profit and Loss in subsequent periods.

The classification of the Company's obligation into current and non-current is as per the actuarial valuation report.

c) Leave Entitlement

The company has a scheme for leave encashment for employees. The liability for which is determined on estimation basis as per rules of the company.

XII. Borrowings and Borrowing costs

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit or Loss when the liabilities are de-recognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Interests and other borrowing costs included under finance costs calculated as per effective interest rate attributable to qualifying assets, which takes substantial period of time to get ready for its intended use are allocated as part of the cost of such assets. Such allocation is suspended during extended periods in which active development is interrupted and, no costs are allocated once all such activities are substantially complete. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are charged to the Profit and Loss Account.

XIII. Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue, if any.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

XIV. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

XV. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

XVI. Provisions, contingent liabilities and contingent assets

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow of embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A contingent liability also arises, in rare cases, where a liability cannot be recognised because it cannot be measured reliably.

Contingent assets are neither recognised nor disclosed in the financial statements.

Note 39 - Financial Risk Management Objectives and Policies

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

1) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument which fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments affected by market risk include loans and borrowings and investment in equity oriented mutual fund.

a) Interest rate risk

Majority of the long-term borrowings of the Company bear fixed interest rate, thus interest rate risk is limited for the Company.

b) Foreign currency risk

The company imports certain material against Letter of Credit for which hedging instruments are not required.

c) Equity price risk

The Company's equity securities are not majorly susceptible to market price risk. However, the company's board of directors reviews and approves all equity investment decisions after taking due diligence which may affect the market related risk.

2) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

Trade and other Receivables

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Based on the historical data and financial position of party and chances of recovery, provision has been considered and created, wherever necessary.

Particulars	(Rs. In Lakhs)	
	As at 31st March, 2021	As at 31st March, 2020
Ageing of Trade receivables		
0-30 days	968.56	407.64
30-60 days	202.03	260.91
60-180 days	51.36	239.41
more than 180 days	2.77	-
Total	1,224.71	907.96

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue.

3) Liquidity risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. The Company's principal source of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company believes that cash and cash equivalents is sufficient to meet its current requirements.

Note 41 - Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the company's management is to maximise shareholders value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. Consistent with others in the industry, the Company monitors its capital using the gearing ratio which is total net debt (borrowings offset by cash and cash equivalents) divided by total capital of the company.

Gearing Ratio

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define the capital structure requirements. Breaches in meeting the financial covenants would permit the lenders to immediately call loans and borrowings.

The gearing ratio at the reporting period was as follows

The company has fair valued its Equity investment (through Mutual Fund) through OCI based on quoted prices of such investments in active market. Hence it falls under level 1 valuations technique.

Note 43

The spread of COVID-19 has severely impacted business. There had been severe disruption of regular business operations in the first quarter of the financial year due to lock down, disruption in transportation, supply chain, travel bans and other emergency measures. The Company has put in place significant safeguards for the safety of the employees based on various Government advisories. The Company believes that it has taken into consideration all the possible impacts of known events arising from COVID-19 pandemic in the preparation of standalone financial statements.

MANAGEMENT DISCUSSION AND ANALYSIS:

The operating and financial review is intended to convey the management's perspective on the financial and operating performance of the Company for the financial year 2020-21 and outlook for the current financial year. This Report should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in the Annual Report. This report is an integral part of the Board's Report.

Industry Structure and Development

INDIAN ECONOMY:

According to the National Statistical Office ("NSO"), India's Gross Domestic Product is estimated to contract by 8.00% in financial year 2020-21. To control the spread of the COVID-19 pandemic, India had imposed severe lockdowns in April and May 2020 resulting in curtailment of economic activities. As a result of the lockdowns, India's GDP contracted by 24.4% in the first quarter of financial year 2020-21. As lockdowns restrictions were gradually eased from June 2020, the economy witnessed a strong V-shaped recovery. The economy recovery is resilient with sustained improvement in majority of high frequency indicators. The Purchase Manager's index manufacturing index was 55.4 in March 2021 compared to 51.8 in March 2020. Based on data provided by the NSO, gross value added at basic prices for Financial Year 2020-21 from the manufacturing sector is estimated to decline by 6.4% compared to financial year 2019-20. Sector-wise, agriculture has remained the silver lining while contract based services, manufacturing, construction were hit hardest, and have been recovering steadily. Government consumption and net exports have further provided support in the recovery. As per International Monetary Fund projections in March 2021, Indian economic growth is estimated at 12.5% in financial year 2021-22.

The automobile industry recovered slightly in financial year 2020-21 due to the resurgence of the economy. According to data released by SIAM, in FY 2020-21, the Indian Automotive industry recorded a 6.1% decline in domestic sales compared to a 20.3% decline financial year 2019-20. The Passenger Vehicle segment declined 2.0% in financial year 2020-21, compared to a 17.3% decline in financial year 2019-20. While overall industry sales were lower than the financial year 2019-20, the trend of preference towards personal mobility reduced the overall impact of the slowdown. The Commercial Vehicle industry in India registered a 21.7% decline in Financial year 2020-21 compared to a 30% decline in Financial year 2019-20, because of the COVID-19 pandemic, lower freight utilizations, difficulties in obtaining financing and some hesitation due to rising costs for BS VI vehicles.

The demand for passenger vehicles has grown in financial year 2020-21 on the back of some pent-up demand but more importantly a structural shift in personal mobility preference arising out of an urge to break free in the aftermath of the restrictions in travelling during the COVID-19 pandemic situation as well as resurgence in the rural

markets. With the shutdown of all non-essential services accompanied by liquidity cash crunch, the demand for commercial vehicles was severely impacted in the first half of Financial year 2020-21. While there are short term challenges on account of COVID-19 pandemic, Commercial vehicle industry is likely to rebound and show recovery after witnessing two consecutive years of double digit de-growth. Demand for commercial vehicles, particularly Medium and Heavy Commercial Vehicles, is likely to also benefit from various government initiatives to help revive the economy.

GLOBAL ECONOMY:

Global Gross Domestic Product contracted by 3.5% in 2020 as governments in both developed and emerging economies took measures to contain the spread of the COVID-19 virus. While the decline was sharper than the global financial crisis in 2009, but the scale of the fiscal response to the COVID-19 crisis was unprecedented and three times bigger than the 2008-09 financial crisis. The response by policy makers prevented a collapse that would have been at least three times worse, and the medium-term losses for the global economy are expected to be smaller than the global financial crisis.

While China is forecasted to continue its rapid growth in 2021, Latin America and the Eurozone is expected to lag behind. US saw overall GDP decline of 3.5%. India's economy rebounded quickly from one of the world's longest and stringent lockdowns, which also came with steepest fall in Global Domestic Product in quarter 2. Real Gross Domestic Product grew by 0.4% in the quarter 3 of the financial year 2021 after a contraction in the previous two quarters. Real Gross Domestic Product is estimated to have contracted by -8% in financial year 2020-21.

OPPORTUNITIES AND THREATS:

OPPORTUNITIES:

The key opportunities boosting the steel demand are Government's focus on strengthening the domestic manufacturing base under the flagship "Atmanirbhar Bharat" programme. The Production Linked Incentive scheme has been introduced to boost the manufacturing sector in industries like automobile & auto components, consumer durables etc. These are expected to boost steel consumption. Government has announced an investment of over Rupees One trillion in infrastructure over the next 5 years. This would be a key growth driver not only for steel industry but will also be a multiplier of growth across the sectors, boosting steel demand from sectors such as transportation, real estate and infrastructure. Emergence of new trends after COVID-19 such as work from home, preference to social distancing would create an additional demand for furniture mobility, etc. In addition, the rise in e-commerce activity will support the growth of warehousing and light commercial vehicles.

THREATS:

Resurgence of infections leading to fresh lockdowns, localized as well as regional/national level resulting in disruption in economic activity. Continuous trade wars between the world's major economies and the major threat to the domestic steel continues to be the high cost of borrowed funds as compared to the developed countries such as China, Japan and Korea, which makes the Indian steel players more vulnerable to any slowdown in the economy.

An understanding of the global steel industry and developments in the last few years is important. China is the world's largest steel producer, accounting for 51.3% of global production and an output that is nearly eight to nine times higher than that of the second largest producer, which is India. Clearly, exports from China have the potential to disrupt global trade and international steel prices. Moreover, in the last couple of years, protectionist barriers are being put up by various nations against steel imports. With a growing market, India is a potential destination for all the displaced exports from countries like China, Japan and Korea, who all have a substantial export basket in steel products. We perceive this as a threat rather than a challenge. However, if the areas outlined above are not addressed vis-à-vis improving India's competitiveness in terms of costs, this threat can become a challenge to the growth aspirations outlined in the National Steel Policy, 2017.

The other potential challenge that the Indian steel industry will soon start facing in a significant way is digital disruption. These new and possibly more disruptive improvements can challenge the traditional steel company's business models. Digital disruption will enable the steel industry to prepare itself for unexpected challenges and become more competitive.

SEGMENTWISE OR PRODUCT-WISE PERFORMANCE:

The Company operates in only one segment, i.e. iron & steel. During the financial year 2020-21, the Company achieved production of Steel product as under:

Own Unit – 16,913 MT (Previous Year 18,699.185 MT)
Sales (Rs.) – 9,527.81 Lakhs (Previous Year 9,286.87 Lakhs)
Conversion Service (MT) – Nil (Previous Year 53.495 MT)
Sales (Rs.) – Nil (Previous Year 4.34 Lakhs)

OUTLOOK FOR STEEL INDUSTRY:

The COVID-19 pandemic pulled down the steel industry tallispin in the first half of 2020, but it quickly bounced back with a pick-up in domestic demand at the outset of the third quarter due to restoration of activities. The industry expects the strong demand to continue in the current year also. The mood in the steel industry is upbeat so far as demand growth in India is concerned as the per capita consumption of Steel in India is significantly low, which leaves room for growth. In India, it stands at around 78 kg

compared to a global average of 225 kg. Further, the National Steel Policy 2017, which has laid down a road map for achieving long term growth in the Indian steel Industry, both on the demand and supply side, will continue to aim to increase demand of steel in the country by targeting the domestic per capita steel consumption at 160 kgs by the year 2030-31. The Government's focus on infrastructure spending, expansion of housing and manufacturing sector, road and railway projects will also fuel the demand for steel in the country.

RISK & CONCERNS:

The Company operates in an increasingly complex, volatile and uncertain business environment with stringent regulatory and environmental requirements. The Company aspires to create long term value for its stakeholders by embedding risk intelligence and building resilience within the organisation. The Company has implemented an Enterprise Risk Management ('ERM') framework to provide a holistic view of aggregated risk exposures as well as to facilitate more informed decision-making. The ERM framework includes identification of risks and risk owners for regular tracking, mitigation and reporting of risks to help the Company meet its business objectives. The Company through the ERM framework has identified key risks under various categories such as financial risks, macroeconomic and market risks, operational risks, safety risks, commodity risks, supply chain risks, information security risks, regulatory risks, climate change risks and community risks. The Company has also mapped the severity of these risks and the likely impact on the Company and has developed mitigation strategies to eliminate or minimise the impact of the risks.

Alongside identification of risks, the Company has a continuous process of monitoring and leveraging opportunities presented by the external and internal environment. Despite the immediate challenges posed by the COVID-19 pandemic, the Company will continue to leverage opportunities provided by the near-term and long-term macro and business environment. The Company has identified various opportunities for growth and improvement and has developed strategies to leverage these opportunities. For mitigating the risk of statutory compliances, the Company has the procedure in place for monthly reporting of compliance of statutory obligations and reported to the Board of Directors in the Board meetings.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has in place an adequate system of internal control commensurate with its size, scale and complexity of its operations. The system provides a reasonable assurance in respect of providing financial and operational information, complying with applicable statutes, safeguarding of assets of the Company and ensuring compliance with corporate policies. The Company has availed the services of independent professional firms for Internal Audit, which checks the effectiveness of the internal controls with an objective to provide an independent, objective and reasonable assurance of the adequacy and effectiveness of your Company's risk management, control and governance processes. The scope and authority of the internal activity are approved by the Audit Committee.

The Internal Auditor reports directly to the Audit Committee of the Board. Based on the report of the Internal Auditor, process owners undertake corrective actions in their respective areas and thereby strengthen the control.

Audit Committee periodically reviews the Internal Audit Reports and issues guidance and advice. Minutes of the Audit Committee are put up to the Board of Directors.

DISCUSSIONS ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE.

During the fiscal year 2020-21, the Company achieved the sales turnover of Rs. 9,527.81 Lakhs (Own Unit Rs. 9,527.81 Lakhs (16,913 MT) and Conversion / Service Rs. Nil (Nil) as against Rs. 9,291.21 Lakhs (Own Unit Rs. 9,286.87 Lakhs (18,699.185 MT) and Conversion / Service Rs. 4.34 Lakhs (53.495 MT)) during the previous year. After providing depreciation of Rs. 76.05 Lakhs and Rs. 80.08 Lakhs and Rs. 78.98 Lakhs and 88.20 Lakhs towards interest and further adjusting Rs. 113.50 Lakhs for taxation (net), the Company posted a net profit after tax of Rs. 345.04 Lakhs as against Rs. 359.15 Lakhs during the last year. During the year, the operational performance of the Company has increased. In terms of volume it was decreased. Due to the severe impact of Covid-19 pandemic, the steel industry suffered in the first half of the year 2020 on account of nationwide lockdowns and disrupted supply chains across the countries. Although steel was declared an essential industry in several countries, demand for steel fell sharply during the pandemic. During the year under review, the Company witnessed no job work done due to the cutting down in the production of Automotive manufacturing sector, one of the largest consumers of steel, thereby resulting in dip in demand for steel. However, in the second half, the steel industry showed a rebound with resumption of economic activities in almost every part of the world, which translated into more than 30%, jumps in the steel prices globally. The World Steel Association (world steel) has forecasted that steel demand will grow by 5.8% in 2021 to reach 1874.00 million tones and will further grow by 2.7% to reach 1,924.6 million tonnes in 2022.
